

I have been visiting my good friend Shihan Niklas and his family for quite a few years now... instantly we hit it off and became fast friends. As a result sargans has actually become like my second home.

I genuinely love travelling to Switzerland and visiting some of my favourite people and favourite places.

The albrecht family are now my family. People I would do anything for.

Some of my best memories have been made around the albrecht family table.

Good people that treat you well and look after you as if you are their own flesh and blood.

I've seen them help so many people over the years and I'm honoured to call them my friends.
